1. INTRODUCTION

- 1.1. With effect from the date of acceptance hereof by BitCo Telecoms (Pty) Ltd t/a BitCo ("BitCo"), the subscriber appoints BitCo to provide telecommunication and related services from time to time in accordance with the provisions hereof ("the services").
- 1.2. The subscriber and signatory irrevocably acknowledge that this document constitutes an offer which may only be accepted or rejected by BitCo. The offer will be considered by BitCo at its premises situated at Block A, Wedgewood Office Park, 3 Muswell Road, Bryanston.
- 1.3. Activation of the services and/or a fully counter-signed quotation and/or a fully counter-signed contract application shall constitute acceptance of the said offer. The subscriber hereby expressly dispenses with the need to be notified of acceptance of the offer.
- 1.4. Date of successful application, for purposes of estimating installation dates, shall be a reference to the date after which all approvals and/or wayleaves and/or any other prerequisites required by BitCo in its sole, absolute, and binding discretion for installation have been obtained by BitCo to its complete satisfaction. The Subscriber shall do everything required to provide BitCo with all approvals necessary to activate services and the subscriber shall not be able to rely upon an alleged failure to do so on its part as a reason to escape its obligations in terms hereof. The Subscriber indemnifies BitCo against any claims and/or damages directly or indirectly resulting from a delayed installation which is wholly or partially attributable to outstanding approvals and/or wayleaves and/or any other prerequisites required by BitCo for the installation. Should the subscriber elect to cancel the Agreement prior to installation, because of delayed installation, clause 3.1 shall apply.
- 1.5. BitCo confirms that its services provided are in line with the Product Specific Rules and Terms of Service ("Product Rules") as published on BitCo's website from time to time. The Subscriber hereby agrees to, at all times, abide by these Product Rules. This clause is read together with clause 14.5 of this Agreement.

2. DURATION

- 2.1. This agreement shall continue for the period specified in the most recent quotation/contract application signed by the subscriber and accepted by BitCo reckoned from the

- date of activation of the services by BitCo ("the initial period") and shall continue indefinitely on the same terms and conditions for further periods of equal duration ("subsequent periods") unless and until terminated by either party giving unto the other at least three calendar months, written notice of termination as envisaged by 2.6.
- 2.2. Unless expressly stated in writing to the contrary in a document signed by both the subscriber and by BitCo, and then only to the extent, if any, so stated, each subsequent signed quotation/contract application shall constitute an agreement between the Parties that in all respects remains subject to the terms and conditions of this Agreement.
- 2.3. If the subscriber is a wholesaler and/or reseller, it agrees to incorporate the terms of this agreement in all and any end user, wholesaler, and reseller agreements.
- 2.4. Any and all notices to BitCo by the subscriber in terms of this agreement shall be in writing on the subscriber's letterhead, signed by a duly authorised representative and delivered by email to notices@bitco.co.za and marked for the attention of the "Customer Relations Manager".
- 2.5. In the event that the subscriber is a natural person and dies or is sequestrated, or in the event that the subscriber is a juristic person and is wound up and/or placed under business rescue and/or in the event that the subscriber enters into a scheme of arrangement or compromise with its creditors or allows a judgment to be taken against it then and in any such event BitCo may (but shall not be obliged) to terminate this agreement summarily and without notice. Should BitCo so terminate this agreement the subscriber shall remain liable for all and any cancellation charges, including *inter alia* all other charges as set out in this Agreement.
- 2.6. The subscriber may discontinue a service before the end of the initial period/ applicable subsequent period as the case may be by giving BitCo three calendar months' written notice in advance of such discontinuation whereupon such service shall be discontinued at the end of the applicable period in accordance with this agreement and the subscriber shall pay to BitCo an early cancellation charge calculated in accordance with 2.7 and 2.8 ("the early cancellation charge") within 7 (seven) calendar days of notification of same, provided that if the early cancellation charge is not paid strictly on or before the due date for payment then and in such event the discontinuation notice will be null and void and this agreement shall remain in full force and effect as if the

Version 5.4.2 – July 2021

said notice had not been given and all and any discounts, if any, previously afforded to the subscriber shall be forfeited and be added back to the early cancellation charge.

2.7. The early cancellation charge is calculated as follows:
 $C = (N \times R) - A + (RC+D)$

2.8. Where:

2.8.1. C is the Cancellation Charge

2.8.2. N is the New Period, being the revised total number of months calculated in either 12 (twelve) and/or 24 (twenty-four) and/or 36 (thirty-six) and/or 48 (forty-eight) and/or 60 (sixty) month increments (based on the contract term with BitCo and/or any third-party provider) and reckoned to the end of the next contract period after the cancellation date.

2.8.3. R is the service rate applicable to the revised shorter period as per the current ruling BitCo price list.

2.8.4. A is the actual payment received to date from the subscriber related to the service being cancelled.

2.8.5. RC are the reasonable costs that BitCo may incur to terminate this agreement.

2.8.6. D is the total discount provided and would provide to the subscriber over the term of the agreement.

So, for example: for a 36-month contract cancelled after 16 months. If the 36-month Price is R100 per month and the 24-month price is R120 per month, the total over 24-months would be R2880 less the amount paid to date for the 16-months of R1600. The early cancellation charge is then therefore $(R120 \times 24) - (R100 \times 16) + R0+R0$ gives the subscriber an early cancellation charge of R1280.00.

2.9 Upon any termination of this Agreement, the subscriber agrees and acknowledges to return to BitCo the loaned Equipment (read together with clause 8 of this Agreement); failure therewith agrees to be liable to pay to BitCo the replacement value thereof upon demand by BitCo, including the replacement value of missing and/or damaged parts thereof.

2.10 The subscriber acknowledges and confirms for all purposes arising that the costing of BitCo's product offering and the services has been spread over the period of the contract and that a change in the subscriber's circumstances cannot in any way be relied upon by the subscriber to seek or be granted a variation or modification of the costs of the services.

3. CANCELLATION PRIOR TO INSTALLATION OF EQUIPMENT

3.1. The subscriber hereby acknowledges that acceptance of any BitCo quotation and/or contract application is a binding commitment and constitutes an order placed on BitCo for the quoted services. The subscriber acknowledges, accepts, and confirms that a cancellation requested by the subscriber of BitCo's services, subsequent to the signing thereof, but prior to the physical installation of the equipment/services, will result in a penalty fee of twenty-five percent (25%) of the total contract value, which payment shall be due and payable by the subscriber immediately upon demand.

3.2. Notwithstanding the above, BitCo reserves the right to recover from the subscriber who agrees to pay to BitCo, in addition to clause 3.1 above, any charges rendered to BitCo by subcontractors, as a result of the early cancellation, which portion thereof exceed 25% of the total contract value, which payment shall be due and payable by the subscriber immediately upon demand.

4. PROVISION OF SERVICES

Should the connectivity service result in less than 99% (ninety nine percent) uptime when measured over a calendar month, the subscriber shall have 30 (thirty) calendar days from the time of the incident to apply to BitCo in writing for a pro-rata credit. Upon approval of the subscriber's application for a credit in terms hereof (delivered as described in clause 2.2), BitCo will raise a pro-rata credit for the time that the services were unavailable based on the monthly fixed billing period that was affected.

4.1.5. BitCo shall endeavour to maintain an MTTR (Mean Time to Repair) of 48 Hours

4.1.6. BitCo's Connectivity SLA services are linked to the term of the connectivity services. i.e., should the subscriber sign for a 36-month fibre service and add a connectivity SLA, then the term of the SLA will be linked to the 36-month fibre contract.

- 15.4. Any subsequent changes that affect the information supplied to BitCo such as bank account details must be brought to the immediate attention of BitCo.

- 15.11. Where BitCo is represented by any duly authorised representative, his authority need not be proved.
- 15.12. The subscriber agrees that this agreement and any addenda and/or schedule, in particular the face page hereof, may be scanned and the paper version destroyed, and hereby agrees to the scanned version.
