

Corporate Business Fibre

We are a National Telecommunications Provider operating an independent Carrier-Grade Fibre, Wireless and Voice Network. We build, maintain and manage our Last Mile Network which spans across South Africa.

Complete control combined with Quality of Service (QoS) guarantees operational uptime and a Network to optimally service the broad Business Market.

“ Our secure and robust network provides for reliable connectivity with a 99% operational uptime guarantee. Fibre services can be fully customised and tailored to suit your business needs.

Elevate Your Business

With speeds of up to 10Gbps, you are guaranteed to get the throughput you need for your business to stay productive.

Fast, uncapped, uncontended and synchronous business Fibre is perfect for video conferencing and general streaming.

Ideal for everyday e-mail, communications and connectivity to multiple devices.

Run multiple cloud applications, cloud computing, hosting and more.

Increased security and ability to provide reliable connectivity when a Firewall is active.

Improve efficiency and provide reliable connectivity with guaranteed 99% operational uptime.

Run Voice over IP (VoIP) and a Virtual PBX solution.

Revolutionising business connectivity and telecommunications solutions **since 2006.**

*Subject to BitCo Standard Fibre Terms and Conditions.

Corporate Fibre Features

- Fully uncapped and synchronous Internet
- Uncontended bandwidth
- Guaranteed 99% uptime, highly reliable
- Immune to interference
- Less vulnerable to theft and corrosion
- Future proof and versatile
- Fail-over option for increased redundancy
- Easily upgradeable
- Higher bandwidth capabilities
- 1 public IP included
- Up to 13 public IP's available on request (Charges may apply)
- Temporary licensed frequency microwave technology link available as an interim solution while Fibre is being deployed. (Line of sight dependent)
